**CITY MANAGER'S RECOMMENDATION:**

Adopt the following resolution:

(R-2001-985 Cor. Copy)

Authorizing the expenditure of an amount not to exceed \$40,690 for the purpose of providing funds for administration services with Little Italy Association beginning January 1, 2001 through December 31, 2001.

**CITY MANAGER SUPPORTING INFORMATION:**

In accordance with the Maintenance Assessment District Ordinance, San Diego Municipal Code Section 65.0212 paragraph (b), the majority of the property owners in a Maintenance Assessment District may approve, by the use of a ballot, a Non-profit Corporation to administer the Contracts for Goods and Contracts for Services for a district. On August 7, 2000, ballots were received by the City Clerk from the property owners in the Little Italy Maintenance Assessment District (District) on the subject of whether to place the right to administer the District with the Little Italy Association (Association). The ballots were tabulated by the City Manager and weighted by the dollar amount of the assessments. Of the returned ballots, 70.7 % favored the District being administered by the Association. This action will authorize the City Manager to sign an Agreement between the City and the Association for a period of one year beginning on January 1, 2001 and ending on December 31, 2001. 1) The Association will administer Contracts for Goods and Contracts for Service and prepare financial statements for the District as provided for in the Maintenance Assessment District Ordinance, Landscape and Lighting Act of 1972, and as set forth in the Engineer's Report for the Little Italy Maintenance Assessment District. 2) The Association will perform all duties as set forth in the Agreement under Article 1, Section B, referred to as specific requirements. The Association will be reimbursed for these services within fifteen (15) working days from the receipt of properly prepared reimbursement requests.

3) The Association will be compensated for administration in an amount not to exceed 15% of the proposed budget which is currently \$40,690 (or \$3,390 per month) over the period of the Agreement.

**FISCAL IMPACT:**

Funds are available in the Little Italy Maintenance Assessment District (Fund 70261) to reimburse the Association for maintenance services and to compensate it for administration.

**ADOPTION AGENDA, CONSENT ITEMS  
RESOLUTIONS:**

\* ITEM-103: Lease Amendment between the City and Aviation International.

(Otay Mesa Community Area. District-8.)

**ASSISTANT CITY MANAGER'S RECOMMENDATION:**

Adopt the following resolution:

(R-2001-1003 Cor. Copy)

Authorizing the Assistant City Manager to execute the First Amendment to Lease Agreement with Aviation International, which will expand the area currently being leased for a fixed operation at Brown Field Airport from 2.56 acres to the new total leasehold area of 3.76 acres, at the base rent of \$20,736 per year.

**ASSISTANT CITY MANAGER SUPPORTING INFORMATION:**

On December 1, 1998, City Council approved an aviation lease with Aviation Consulting International Corporation, dba, Aviation International, for a fixed base operation, (F.B.O.) at Brown Field Airport for a term of 35 years. The principal, Juan Escalante, has been a tenant at Brown Field for more than 20 years. The parties now wish to amend the lease to add a small contiguous parcel of 1.2 acres extending 200 feet south of the existing lease, to the proposed new alignment of Sikorsky Street. This action will not impede the BFAP redevelopment and the terms of the Amendment are consistent with those of the original Lease. The Lessee proposes to use the added parcel to develop a large executive aircraft hangar complete with a pilots lounge, washrooms, showers and flight planning. The facility will also include executive offices for the Lessee, as well as adequate parking and landscaping.

- Premises: Original lease was for 2.56 acres. This Amendment will increase the total leasehold to 3.76 acres.
- Term: Coterminous with the original lease, terminating November 30, 2033.
- Rent: This Amendment will increase the rent by \$6,618 per year, resulting in total annual rent of \$20,736, to be adjusted to reflect changes in the Consumer Price Index (C.P.I.) at the end of the fifth, fifteenth and twenty-fifth years. The leasehold will also be appraised at the end of the tenth, twentieth and thirtieth years to reflect market rates.
- Use: Provide fixed base operation services to the general aviation public, including charter flights, flight school, fuel sales, aircraft retrieval and repair, avionics shop, car rentals and catering.

**FISCAL IMPACT:**

Annual rent of \$6,618 will be deposited into the Airports Enterprise Fund.

Declaring that the Council finds that project revisions now mitigate potentially significant effects on the environment previously identified in the Initial Study and approving said Mitigated Negative Declaration;

Adopting the Mitigation Monitoring and Reporting Program.

**CITY MANAGER SUPPORTING INFORMATION:**

Water and Sewer Group 494 is part of the City of San Diego's continuing annual water and sewer main replacement program. **CITY MANAGER SUPPORTING INFORMATION:**

This proposed First Amendment to the Agreement will provide additional funds for consultant services to further assess and delineate the extent of contamination at burn sites identified as having been operated by the City or where the City placed trash. **ADOPTION AGENDA, HEARINGS**  
**NOTICED HEARINGS:**

ITEM-330: Mortenson Residence.

(Continued from the meetings of October 24, 2000, Item 331, at the request of the applicant's attorney for further review, and December 12, 2000, Item 332; last continued at the request of staff for further review.)

Matter of the appeal of Veryl J. Mortenson, Trustee of the Veryl J. Mortenson Trust, from the decision of the Planning Commission in denying the request for an application for a Sensitive Coastal and Coastal Development Permit with a Yard Variance (SCR/CDP/VAR) to maintain, currently in violation, the following improvements located within the minimum 4'-0" required side yard (south) setback: **1.** Combination solid masonry wall approximately 7'-1" in height, with solid wood fencing approximately 1'-6" in height on top (totaling 8'-7"), where a maximum of 6'-0" solid wall/fencing with a maximum of 3'-0" open wall/fencing on top (totaling 9'-0") is permitted; **2.** Trellis/Patio Cover-approximately 8'-8" high, observing a 0'-0" side yard where 4'-0" is the minimum required; and **3.** Equipment room/storage shed (serving an existing in-ground spa) - approximately 8'-8" high, observing a 0'-0" side yard where 4'-0" is the minimum required. The property is developed with a two-story, single-family residence legally described as Lot 6, Neptune Estates, Map No. 3492, located at 7126 Vista Del Mar, within the RS-1-7 Zone (formerly R1-5000).

(CDP/SCR/VAR-99-1366. La Jolla Community Plan area. District-1.)

**NOTE:** Hearing open. No testimony taken on either 10/24/2000 or 12/12/2000.

**CITY MANAGER'S RECOMMENDATION:**

Adopt the following resolution denying the appeal and upholding Planning Commission's decision to deny the Sensitive Coastal Resource Permit and Variance:

(R-2001- )

Adoption of a Resolution granting or denying the appeal and upholding or

overturning the Planning Commission's decision to deny the Sensitive Coastal Resource Permit and Variance No. 99-1366.

### **OTHER RECOMMENDATIONS:**

Planning Commission on August 3, 2000 voted 4 - 2 to deny the request; was opposition.

Ayes: Anderson, White, Steele, Brown

Nays: Stryker, Butler

Not present: Skorepa

On April 6, 2000, the Coastal Development Permit Review Sub-Committee voted 2-4-4 to recommend denial of the application. On May 11, 2000, the Trustees of the La Jolla Community Planning Association voted 12-0-3 to recommend approval of the application.

### **SUPPORTING INFORMATION:**

#### **BACKGROUND**

The subject property was developed with the existing two-story, single-dwelling unit in 1971 and is addressed as 7126 Vista Del Mar, located between Vista Del Mar to the east and an access roadway (serving an existing City-owned pump station), and the Pacific Ocean to the west. In addition to the single-dwelling unit, the property was developed with an in-ground spa, a trellis/patio cover, and an equipment/storage room located on a southwesterly portion of the property adjacent to the residence. The remainder of the property is developed with miscellaneous landscape and hardscape.

The approximately 7,400 square-foot legal lot is zoned RS-1-7 (Single-Family Residential) within the La Jolla Community Plan Area, and located within the City of San Diego Coastal Zone (Coastal Commission Appeal Jurisdiction). The surrounding area is designated by the La Jolla Community Plan for low-density, single-family residential development to the north, east and south. Surrounding development within the vicinity consists of one- and two-story single-dwelling units.

The Applicant requested the Sensitive Coastal Resource Permit and Variance in an effort to maintain three improvements located within the 4'-0" required interior side yard setback. The application was initiated, deemed complete and reviewed under Municipal Code regulations in effect prior to enactment of the Land Development Code (LDC) on January 1, 2000. Land Development regulations of the Municipal Code regulate structures including fencing and walls within required yards/setbacks. Approved variances are required to be obtained to locate overheight walls or other structures within these portions of the property prior to construction. An approved Sensitive Coastal Resource (SCR) Permit is required for the subject property based on a determination that the structure(s) (Improvement Nos. 2 and 3), increase the envelope/footprint of an existing building or accessory structure.

These improvements included the following: 1) A solid masonry wall, 8" in width, 7'-1" in height, with 1'-6" high solid wood fencing on top (totaling 8'-7" in height), and 27' in length. An approximate 1'-0" high portion of the wall retains earth for the adjacent property to the south, also developed with a single-family residence; and 2) A wooden trellis/patio cover (284 sq. ft.) approximately 10'-6" in width, 8'-8" in height, and 27' in length, attached to the south wall of the residence and which extends over an in-ground spa. This structure is constructed of 2" x 6" wood configured in slats, and is attached to wood fencing located atop the masonry wall. The structure provides covered access and privacy to/from the spa and an adjacent bedroom located on the first floor of the residence; and 3) A wooden storage shed (53 sq. ft.) accessed by a doorway from the spa area and measuring approximately 5' in width, 8'-8" in height, and 10'-6" in length, which contains filtering, heating and related equipment to service the spa.

Although the application to maintain these improvements was filed prior to enactment of the LDC, it has been determined that the Applicant will be afforded the benefit of LDC regulations currently in effect. These regulations are beneficial with regard to Improvement No. 1, providing more flexibility in the measurement of fencing, freestanding and retaining walls than those of the previous Municipal Code. These regulations allow the Applicant to maintain the existing combination retaining and freestanding retaining wall at its current height, provided that the solid wood fencing atop the wall is modified to comply with the open fencing design criteria. Should the Applicant choose not to modify the solid wood fencing to comply with the open fencing design criteria, an approved variance is required. An approved building permit is required for fences and/or walls which exceed six feet in height. Should the Applicant choose to reduce the height of the wall to six feet or less, a building permit is not required.

Prior to the Planning Commission hearing, the Applicant demolished the storage shed (Improvement No. 3). On August 3, 2000, the Planning Commission took action and denied the application determining that the findings required to approve the SCR Permit and VAR (pertaining to each improvement) could not be supported. The decision of the Planning Commission to deny the variance request for the combination wall/fence reflected submittal and review of the application under previous Municipal Code regulations. The remaining wooden trellis/patio cover (Improvement No. 2) continues to require approval of an SCR Permit and VAR to be maintained. This approximately 284 sq. ft. structure is attached to the residence and provides covered access and privacy to/from an in-ground spa adjacent to a bedroom located on the first floor. The Applicant has indicated a desire to maintain this improvement based on privacy concerns.

## DISCUSSION

This proposal is to remedy the Notice of Violation for improvements constructed without required permits. The City has made efforts to obtain voluntary compliance from the Applicant to modify or remove these improvements.

Based on staff's review, including testimony and evidence presented at the public hearing, the Planning Commission determined that findings required for approval of the request could not be supported. Therefore, staff recommends the City Council deny the appeal and uphold Planning

Commission's decision to deny the request. Should this occur, staff recommends that the resolution of denial reflect direction that within 60 days of the decision date, the Applicant- 1) Modify the solid wood fencing atop the freestanding/retaining wall (Improvement No. 1) to comply with open design criteria of the LDC, acquire a building permit and obtain final inspection; and 2) remove the wood trellis/patio cover (Improvement No. 2).

**ALTERNATIVE:**

APPROVE the request for a SCR Permit and VAR, making the finding as specified in the Land Development Code.

**FISCAL IMPACT:** None.
